### DETAILED ACTION

1. This office action is response to the amendment filed on 6/7/2006.

#### *Claim Rejections - 35 USC § 102*

2. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

3. Claims 1-2 are rejected under 35 U.S.C. 102(b) as being anticipated by Roberts et al. (US 6,109,620).

With regard to claim 1, the reference of Roberts et al. discloses an impact adapter (18) for transfer of impacts and rotation from an impact rock drilling machine (20) to a drill string, comprising a first end section (16) for connection to a drill string and a second end section (14) provided with ridges (13 Fig. 2) and interposed grooves as shown in Figure 2 for transfer of rotation, wherein the grooves (14) at the second end section (14) directed away from the first end section (16) of the impact adapter (18) increase in width in a direction away from the first end section (16).

With regard to claim 2, the ridges as shown in Figure 2 of impact adapter (18) of Roberts et al. includes ridges at the second end section (14) directed away from the first end section decrease in radial extension in a direction away from the first end section as shown in Figure 2.

4. Claims 1-2 are rejected under 35 U.S.C. 102(b) as being anticipated by Gustafsson. (US Des. 266,521).

With regard to claims 1 and 2, the reference of Gustafsson discloses the claimed invention as shown in Figures 1-3.

***Response to Arguments***

5. Applicant's arguments with respect to claims 1 and 2 have been considered but are moot in view of the new ground(s) of rejection.

***Conclusion***

6. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.

Refer to attachment for notice of references cited and recommended for consideration based on their disclosure of limitations of the claimed invention.
